"When Women Love"

"When Women Love," William W. Lapointe's great play, suggests so much to the human mind that we cannot pass it by as the usual drama. How much it must convey to every intelligent person? It instantly suggests wife, mother and sweetheart, a poor girl buffeted on the waves of adversity meets the man she loves, accused of crime, with an invalid mother and younger sister to support, despite the temptations and pitfalls placed in her path by the mercenary schemers against her happiness, her belief is unshaken, her faith in the man she loves is true, and in spite of all obstacles, love is triumphant and all ends well.

How to Get Health

The Secret of Restoring Health Lies in Replacing the Same Substances to the Body That Have Become Impoverished or Wasted

By disease, overwork, worry, exposure or abuse. When you are run down, getting thin, weak, and tire on the slightest exertion, the life and strength of your blood are wearing out. When you grow irritable, melancholy and nervous your nerve force is decaying and vitality is becoming low. Disease acts on those whose blood is watery, impoverished or impure, and never affects persons who have plenty of rich and pure blood. Dr. Chase's Blood and Nerve Food supplies what is lacking in the blood and nerve force. It contains everything that makes new and rich blood and perfect nerves, in fact, it is blood itself—the very essence of nerve force, making it the grandest of all tonics for the sick, convalescent and overworked. It restores vim, vigor and vitality to aged and worn out people, and imparts a glow of health to pale and sallow people. Price 50 cents.
